DevOps Lead, Nationwide Building Society

DEVOPS ENTERPRISE SUMMIT

AN IT REVOLUTION EVENT

Welcome!

Nationwide Building Society

Who we are
What we do
CI/CD approach

The Challenge

Increase software delivery velocity and go fast...
...while staying safe, secure and compliant

The Transformation Journey

...Started in 2018

Objective: Manage CI/CD more efficiently
Means: DevOps methodologies, Agile practices, right CI/CD solutions

...Scale-out mode

Finding the Balance

Innovation and low-risk appetite

Business Benefits

Return on Investment

Key metrics to measure efficiency

Looking Ahead

Scaling
Further automation
Further DevOps and CI/CD activities

Safety, Security and Compliance

Understand risks and stay safe while enabling developers and empowering customers

Collaboration and Adoption

Team, stakeholder and customer alignment
Empowering people
Accountable freedom
Agile framework

Lessons Learnt

Measure what matters
Deliver in a product-oriented way
Match requirements to capabilities
Team alignment

Thank you!
